# Pupil Survey

I did better once I figured out I needed to consolidate knowledge outside of class!

Anytime that I wasn't prepared was because I hadn't revised

I had enough time for the project, though I did have to use some free periods.

# Developing the Young Workforce

Do you work in the  
Science Sector?

Would a pupil or a  
member of staff  
benefit from a work  
placement at your  
place of work?

Do you have  
knowledge or  
experience of  
the world of  
work that you  
would be willing  
to share with

Can you help us?
